TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Alexandria, in the
County of Grafton in said State, qualified to vote
in Town Affairs:

You are hereby notified to meet at The Town Hall
in said Alexandria on Tuesday, the 13th day of March,
next, at nine of the clock in the forenoon, to act upon the
following subjects:

1. To choose all necessary Town Officers for the year
ensuing.
2. To raise such sums of money as may be necessary
to defray town charges for the ensuing year and make
appropriations of the same.
3. To see how much money the town will raise for
the maintenance of highways and bridges except snow
work.
4. To see how much money the town will raise for
plowing and sanding roads in winter.
5. To see if the town will accept Town Road Assis-
tance and raise \$633.43 for the same.
6. To see if the town will raise \$400.00 for Blister
Rust Control.
7. To see if the town will vote to raise \$55.00 for the
Newfound Region Chamber of Commerce for the purpose
of publicizing and promoting the natural advantages and
resources of the town.

8. To see if the town will vote to raise \$55.00 for the Lakes Region Association for the purpose of publicizing the natural advantages and resources of the town.

9. To see if the town will vote to accept State Aid for the reconstruction of Bland Bridge and raise and appropriate money for the town's share for the same.

10. To see if the town will vote to buy a snow plow for the town truck and raise and appropriate money for same.

11. To see what action the town will take in regard to closing the public dump in South Alexandria owned and operated by Merton Calley.

12. To see if the town will authorize the Selectmen to draw on surplus to balance any necessary deficiency in appropriations for the ensuing year.

13. To see if the town will authorize the Selectmen to borrow money in anticipation of receipt of taxes.

14. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 15th day of February in the year of our Lord nineteen hundred and fifty one.

HARRY B. RAMSEY,
CHESTER G. YOUNG,
KARL A. GORDON,
Selectmen of Alexandria

A true copy of Warrant—Attest:

Auditor's Certificate

This is to certify that I have examined the books and accounts of Selectmen, Treasurer, Town Clerk, Tax Collector, Road Agent, and Trustee of Trust Funds, and find same correctly cast and vouched for.

HERBERT I. FISKE,
Auditor.

LIBRARIAN'S REPORT

Circulation

1946	1947	1948	1949	1950
123	314	404	501	345

For the first time in the past five years, the circulation has decreased this year. There is no doubt that we need money for recent books, especially Westerns which continue to be the most in demand. We have had donations from New Hampton, Meredith, and Rumney Libraries of books for which they no longer had shelf room. Also we have had on loan two excellent collections of fiction from Bristol Library, one hundred books in all, for which we are very grateful. I do not think the lack of more recent books is more than one item in a group of reasons why our circulation has dropped. As other reasons I might sight the following facts. A number of our most interested patrons have left town. A number of our home makers have added to their house keeping duties, work in industry. Automobiles have weakened town unity. People are going out of town for their recreation. The tense international situation has brought about "a flight from thought". People are restless and find relief from mental tension in work of the hands. The interest on endowment is not sufficient to carry the legitimate expenditures of the library. We have had little publicity lately. Under such handicaps it seems a miracle that the circulation has held up as well as it has. I still believe the people of Alexandria feel an interest and loyalty to their library.

Patrons

Our service to summer residents is largely one of supplying a book now and then for reading on rainy days when out-door recreation is impossible. A number of patrons who were following up practical lines of study

or enjoying special hobbies have received non-fiction books from the State Library through us. Year round residents state quite frankly that they are too busy to read much in summer.

Books for Winter Reading

The number of books taken out for winter reading has been the most encouraging feature of the past two years. High school students have found it convenient to take out books for book reports under this plan. The library has an excellent collection of classics suitable for this use. Books taken out when the library closes in November need not be returned until May. From twenty five to fifty books per person are sometimes taken.

Book Classification

Progress has been made in getting the books arranged systematically on the shelves. Though not ultra-modern, our books have been well chosen in the past and most of them are of a type that never grows old. There is surprisingly little dead timber on the shelves.

The Bookmobile

A few books for children were obtained from the State Library during the summer, but the major part of the children's reading has been supplied by the Bookmobile, which has served the Alexandria schools during the time school has been in session.

Date for Reopening

The library is now closed for the winter. The date for reopening has been set for April 28, 1951.

Respectfully submitted,

NELLIE K. WADHAMS,
Librarian.

SUPERINTENDENT'S REPORT

The month of November marked the close of five years of working together in Supervisory Union No. 4 under a new superintendent and it is a source of satisfaction to look back and count the achievements which have been made possible through the cooperation of teachers, school board members, taxpayers, the State Board of Education, and the pupils themselves. All rooms have been painted, many have new lights, nine buildings have been painted outside, seven roofs redone, new heating installed in several buildings, improved playground equipment in at least two instances, and last but not least are two new buildings underway. These are all material achievements. To improve much on these matters will involve very expensive spending, and with future uncertainties it is well these things have been done. Non-material accomplishments have consisted in three teacher workshops, regrading of schools, extensive summer school attendance by the teachers, and the maintenance of a very competent teaching staff in spite of differences in ages, training, experience, and the lowest salaries in the state. How much longer this can be done is pure guess-work.

Our educational offerings in most towns are very limited and kept to the bare essentials. Only two towns offer music supervision, one offers handwriting supervision, none has art supervision, remedial reading, or physical education. High school offerings are almost equally limited but Bristol's will be quite modern on completion of the new school and proper staffing of the same. Yet the lake region section of Union No. 4 is, by any objective standard, one of the richest in the state and for this basic reason will never receive much, if any, state aid as long as a formula is based solely on need.

Solutions to our educational needs are not easy, and are expensive. Present state aid formulas are totally

inadequate as to amount. A million dollars this year will probably not cover the new inflationary trend. The net result of this, both as to better educational opportunities for our children and for tax relief, will be close to zero. The basic purpose of any sound state aid program is to improve educational opportunities and not absorb inflationary trends over which we have absolutely no control.

When the new high school in Bristol is opened the cost per pupil will be very materially changed due to costs of construction, maintenance and to increased staff. It would be unwise to give an approximation of this figure until definite costs are available but obviously Bristol can neither build nor staff a new school without planning on its 45 or more tuition pupils, nor would it want to do so. However, the increased costs can not be avoided. No attempt has been made to conceal them in Bristol or should it be either there or anywhere else. All towns sending tuition pupils must expect to pay their share of the full costs of the plant and program to which they send pupils. Until better cooperative school laws are drawn this must be done without any representation on or vote in the policy controlling board of the charging district.

In view of these increased costs I believe it important for the people of Alexandria to work for a sound state aid program to help meet this known situation.

Respectfully submitted,

C. MAURICE GRAY

REPORT OF SCHOOL NURSE

All children had an annual inspection and parents were notified of defects found. All cases were followed up and most of the defects were corrected or improved. Some cases, where it seemed necessary, received financial assistance from such welfare sources as the Salvation Army, Red Cross, Sight Conservation Program of the

State Public Welfare, Lindsey Fund, and the Bristol Rotary Club.

In February 1950 Miss Nellie Cough, R.N. and Miss Constance Martin, R.N., staff nurses for the New Hampshire Tuberculosis Society, assisted me in giving the tuberculosis patch tests to the children in grades seven through twelve inclusive. In all of my towns 357 children had the test with 5 showing positive reactions. Twenty-one teachers had the test with seven having positive reactions. All of those having positive reactions, teachers and children, had chest x-rays and examinations at the Chest Clinic held in Bristol by the New Hampshire Tuberculosis Society. No one showed any signs or symptoms of active tuberculosis.

Dental Clinics were held with Dr. Sargent in Bristol for the towns of Bristol, Bridgewater, Canaan, Danbury, and Hebron. Due to lack of time Alexandria and Grafton did not have a clinic but are being taken care of first this year and we will try to do as many of the other towns as possible. In all 85 children attended the clinics. Three of these were welfare cases. There are a number of children who need dental care whom I believe should have welfare dental work but due to the lack of available funds only the most urgent cases are cared for.

September 1949 to June 1950

Defects	No. Cases	No. Corrected
Vision	8	3
Teeth	36	8
Tonsils	6	-

No communicable diseases other than colds occurred during the year, 2 Tuberculosis Patch Tests were given—no positive reactions.

I wish to thank parents, children, teachers, the School Board, and Mr. Gray who have cooperated to help maintain the health of the children.

Respectfully submitted,

PHYLLIS E. ROBERTSON, R. N.
